EXPOSING THE BALLOONING COSTS OF GLOBAL WARMING HYSTERIA

Come help us launch our nationwide hot air balloon tour, which will expose the unaffordable costs of global warming hysteria for average Americans.

Americans for Prosperity will kick-off the Hot Air Tour in Washington, DC, on April 21, just one day before Earth Day. We need your help to make sure this rally sends a powerful message to Capitol Hill – the climate change shakedown must stop!

What will the Hot Air in the debate cost you? Fewer jobs, less freedom, and ballooning energy prices. Imagine a future where gas tops \$8.00 per gallon, where electric bills double, where the government controls your home thermostat remotely.

WHAT: Rally against unaffordable climate change schemes

WHEN: 11:30 am, Monday, April 21

WHERE: Upper Senate Park (next to Russell Senate Office Bldg)

Popcorn. T-Shirt. Lunch. Ice Cream. It's all on us!

"I worked as vice-president to enact a carbon tax. Clinton indulged me against the advice of his economic team. That contributed to our losing Congress two years later to Newt Gingrich."

Al Gore

"To deal with global warming, something has to be taken away from some people."

Hillary Clinton
